

# SANTA FE LINES IN ARIZONA MAKING BIG DIVIDENDS

## Annual Meeting of Stockholders Held in Prescott.

### MURPHY NOW PRESIDENT OF SIX ROADS IN TERRITORY

The annual meeting of the stockholders of the Santa Fe, Prescott and Phoenix Railway company was held Wednesday at the office of President Murphy in Prescott and the following board of directors was elected for the ensuing year: E. M. Murphy, Wallace Fairbank, Prescott, Ariz.; E. B. Gage, Tombstone; E. P. Ripley, Chicago; Victor Morawetz, Edward J. Berwind, G. H. Haven, Charles Steele, New York; E. P. Cheney, Boston. There were represented by proxies and in person all of the stock except 51 shares. The annual meetings of the other lines in the Arizona system were also held and directors for the ensuing year were elected as follows: Prescott and Eastern railroad—E. M. Murphy, E. P. Ripley, G. H. Haven, Victor Morawetz, Charles Steele, Edward J. Berwind, Wallace Fairbank. Breckinridge Mountain railroad—E. M. Murphy, E. P. Ripley, G. H. Haven, Victor Morawetz, Charles Steele, Edward J. Berwind, Wallace Fairbank. Phoenix and Eastern Railroad company—E. M. Murphy, E. P. Ripley, G. H. Haven, Victor Morawetz, Charles Steele, Edward J. Berwind, Wallace Fairbank. Arizona and California railway—E. M. Murphy, E. P. Ripley, G. H. Haven, Victor Morawetz, Charles Steele, Edward J. Berwind, Wallace Fairbank. Aravaipa Canyon railroad—E. M. Murphy, W. A. Drake, T. J. Norton, Paul Burke, A. W. Edwards, R. N. Fredericks, Wallace Fairbank. Gila River Railroad company—E. M. Murphy, W. A. Drake, T. J. Norton, Paul Burke, A. W. Edwards, R. N. Fredericks, Wallace Fairbank.

The president's official annual reports, which were presented at the meeting, indicate a very prosperous condition in all the lines of industry served by the railroads mentioned, as well as immense development of the mining industry going on in all sections tributary to the system. New reaching into so many mining districts of the territory. Several new smelters and ore reduction plants are in active operation or in various stages of construction, and although the reports read are conservative to a degree they go to emphasize the claims that are constantly being made by the Journal-Miner that the treasure vaults of Arizona, particularly the northern portion of the territory, are just beginning to be explored, and that this unprecedented activity is stimulated in no small degree by the transportation facilities.

**SANTA FE EMPLOYEE CRUSHED UNDER WHEELS**  
John Chloessy, 20 years old, a hostler employed in the Atchison, Topeka and Santa Fe round house was so severely crushed under the wheels of an engine last night that he died from the effects of his injuries in the Santa Fe hospital at midnight, says the Topeka State Journal.

An engine was leaving the round house about 6:20 o'clock last night and had just crossed the turn table when Chloessy tried to jump on the footboard on the cowcatcher. He missed his footing and fell under the wheels. All of the wheels of the engine passed over his legs and crushed them to the hip in a most horrible fashion.

**SOUTHERN PACIFIC BUYS DEPOT SITE IN TUCSON**  
The most important real estate transaction in this city for some months has just been completed. It is the purchase by the Southern Pacific company of block 72 from L. Zeckendorf, says the Tucson Citizen. The consideration was \$1,500. This block fronts on Stone avenue on the west side and is bounded by Stone avenue, Franklin street and the Southern Pacific main line.

The Southern Pacific will erect on this block a freight depot which will be ample for a city of the size and importance of Tucson.

**NEW SANTA FE AGENT WILL ARRIVE NEXT WEEK**  
T. E. Purdy, of Oklahoma City, expected to assume duties soon.

T. E. Purdy, agent of the Santa Fe at Oklahoma City, L. E. has been appointed agent at Albuquerque for the same company and will arrive during the coming week to accept his new duties. Mr. H. S. Lutz, who came here from Santa Fe some months ago, to take charge of the local station and who resigned, has not decided just where he will locate, but he has a number of stations on the road that he may have for the asking. Mr. Lutz, during his stay in this city, has made many friends for himself and the Santa Fe. The work of the local station was too strenuous for his health and he resigned several months ago, but the officers of the company prevailed upon him to remain for a few months longer.

**RAYMOND WHITCOMB PARTY EN ROUTE TO PACIFIC COAST**  
Swell All Pullman Special Goes Through for the Coast Running in Second Section of Limited.

A big Raymond Whitcomb excursion went through for the west yesterday morning as the second section of the California Limited.

It was almost as handsomely appointed as the California Limited, and the excursionists appeared to be all people of the better class from the east. The excursion will stop at the conventional points in California, first of course taking in the wonders of the Grand Canyon of Arizona.

**NEW RAILROAD FROM DENVER TO GATE CITY**  
Platte Canyon Fuel and Power Company Building Line to Tap Big Coal Mines.

The Platte Canyon Fuel and Power company is preparing to build a railroad from Denver to Raton, N. M., and a branch from some point on the Denver-Raton road to Anity, Colo. The road will be built primarily to transport the coal produced by the company at its mines in Platte can-

yon, but it will handle all freight and passenger business that it may receive.

The concern has incorporated the Denver and Southern railway, with a capital stock of \$1,000,000, for the purpose of carrying out this railroad project. Eastern capitalists are behind the scheme. Connections will be made with one or more of the big railroads entering Denver so the company will have a right of way into the Union depot. Work on the road will begin immediately.

**WATER BOND ISSUE IS SNOWED UNDER IN TUCSON**  
Socialists Vote Down Proposition to Spend \$175,000 on Municipal Improvements.

There were 319 votes cast at the election yesterday to register approval or disapproval of the proposal to issue \$175,000 of the bonds of the city. Of these 203 were in favor of the bond issue and 114 against. As it required a two-thirds vote in favor of the bond issue, the proposal was defeated by a plurality of eight, says the Tucson Citizen.

The result was a good deal of a surprise. Many of the substantial people of the city who favored the bond issue were convinced that there was no real objection to approving the bonds and neglected to vote. On the other hand, every man opposed to the bonds who by any stretch of the imagination could be worked up to the ballot box, was there. Ex-Mayor Schumacher and ex-Supervisor Andres Rebell led the opposition.

The entire socialist vote was polled against the bond issue.

**The Exact Thing Required for Consumption.**  
"As a certain purgative and stomach purifier, Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," says R. S. Webster & Co., Udon, Ontario, Canada. For sale by all druggists.
